FAQs for Dormitory Residents

Q How should I discard trash from my room or personal use?

A Please discard all personal or room-generated waste by emptying, rinsing, separating, not mixing it into the green Arm Roll Bins and designated recycling containers located outside your dormitory building.

※ Any personal waste found discarded in the communal area recycling bins will result in penalties.

Q How do I discard recyclable items like clothes, shoes, and bags?

A Please place them in the clothing collection bins located in each building.

- ※ Bedding items such as blankets, pillows, and comforters cannot be recycled.
Please discard them in the green Arm Roll Bins located outside the dormitory
- ※ Collection Bin Locations : Sangnoksu Building : Outside, near the perimeter

FAQs for Dormitory Residents

Q Is Free WiFi available in the dormitory? How can I use it?

- A
- You can connect to the 'allradio' network using any device, such as a laptop or smartphone, to access free WiFi.
 - This is a public WiFi network, so no password is required.
- ★ For high-speed internet, you may purchase and install a personal internet connection in your room.

Q How fast is the 'allradio' WiFi network?

- A
- The 'allradio' network is a commercial-grade WiFi connection with speed up to 10Gbps, offering a stable and reliable connection. It supports smooth web browsing, video streaming, and other general internet usage without any inconvenience.

Q I cannot connect to the 'allradio' WiFi!

- A
- The 'allradio' network uses Korea's standard wireless frequency, so some international devices (such as overseas smartphones or laptops) may not be compatible and may experience connection issues. Also, since WiFi is provided inside the dormitory buildings, the signal may be limited or unstable in outdoor areas.
- If you continue to have trouble connecting, please contact the Dormitory Support Desk for assistance.
